see over for further details

- F.A. Compliant
- Team Colours/Logos
- Low Maintenance

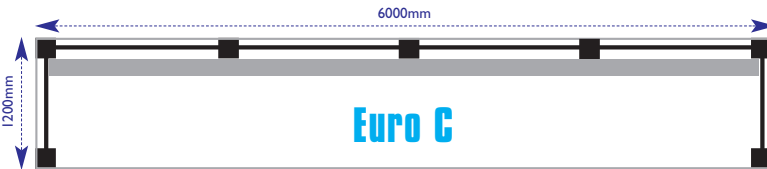

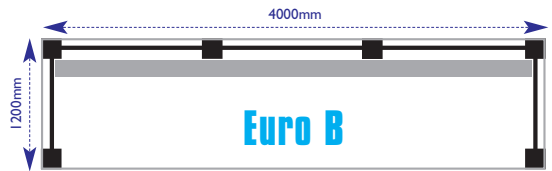

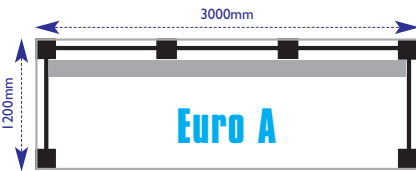

EUROSPORTZ Range

The new Euroshel range of dugouts is the ideal solution for your home ground technical area. The dugouts are manufactured from stainless steel with polycarbonate glazing making them long lasting and low maintenance.

The dugouts which are F.A. compliant can be made to your specification incorporating team colours and crests. The shelters offer an ideal advertising space so can easily be funded by your club sponsors.

The dugouts can be tailor made to your specification with our optional extras including bench or deluxe seating and portable/bolt-down feet or permanently fixed dug in installation.
